In addition to points you can use on any quick order you also get reduced shipping and loyalty gifts!

You can save up your ER points to use on things you want to replace. Generally I save them up for a few months and then place a big FREE order.

## Transfer Buying

You might be thinking I don't have an extra \$50 or \$100 to spend each month. That was me too! Then I realized how many great products YL has that I was already buying like toothpaste laundry soap, pancake mix, soap, shampoo, that I could stop buying at Target and I could buy from YL instead. I'm not spending more money just spending money in a different place and they are so much better for my family!

One other thing I stopped buying at Target is Gifts. This is an easy way to get your monthly PV and start spreading the oily love.

Here are a few gift ideas!

Wedding- Diffuser or starter kit

Baby shower- Kids scent oils

Kids- shampoo, kids scent bracelet

Teen girl- diffuser necklace and dragon time oil

Teen boy- car diffuser and purification oil

Mom- Lavender body lotion, bath bombs, ART Beauty kit

Dad- Valor bar soap, Shutran shave oil, cedar wood oil, protein powder, supplements

House warming- starter kit, diffuser and a few oils T

Teacher- Bar soap, hand purifier, Thieves spray, lip balm, diffuser

### Get Out Of My House

I compiled a list of things you'll want to switch out over time. If you don't already have it download the "think dirty" app it's free and it'll rate the products you are using based on their toxicity!
